Kristopher M. Heinzman, MD

Seton Heart Institute

Primary care physicians and mid-level practitioners are invited to attend this exciting educational opportunity.

OBJECTIVES

General Cardiology

1. Describe the diagnostic tools for assessment and measurement of athletes, chest pain, cardiovascular risk and preoperative cardiovascular evaluation.
2. Discuss new advances in antiplatelet medications.
3. Explain how dietary choices affect cardiovascular health.
4. Recognize the role of cardiac rehabilitation after cardiovascular intervention.
5. Identify new advances in the treatment of valvular heart disease.

Congestive Heart Failure

1. Apply the latest guidelines for diagnosing and treating heart failure.
2. Explain heart failure management from the primary care perspective.
3. Recognize candidates for advanced heart failure therapy such as Left Ventricular Assist Device (LVAD) and transplant.

Arrhythmias

1. Identify the "Top Ten" EKG rhythms.
2. Compare and contrast use of novel oral anticoagulants.
3. Describe factors that define and influence success and failure in atrial fibrillation.

EDUCATIONAL METHODS

The conference will include didactic lectures and panel discussions.

CME

The Seton Healthcare Family is accredited by the Texas Medical Association to provide continuing medical education for physicians.

The Seton Healthcare Family designates this live activity for a maximum of 5.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
